

## Australian Family Owned Since 1852

### Worldwide Exporter

McKenzie's is a worldwide exporter of pulses and specialise in delivering high quality produce at competitive prices. McKenzie's upholds an "Australian-grown" policy, only importing pulses that are either not grown in commercial quantities here or when poor seasons reduce local supplies. Relationships with local farmers have been long-standing for decades.

### One of Australian's Oldest Food Manufacturers

At McKenzie's, we continue a family tradition of supplying generations of Australians with high quality food products.

From humble beginnings as a Melbourne grain store in 1852, the McKenzie's of today has grown and evolved into one of the oldest Australian family owned and operated food manufacturers.

For 160+ years, Australians have put their trust in the McKenzie's brand. The current Managing Directors are fifth generation descendants of the original owners.
